

Field Trip Information for LAND & SEA TOURS

Breakaway Cruises presents *Aqua Dog*, a 35' amphibious Coast Guard certified vessel with a 30 person seating capacity and life jackets aboard. Enjoy our shaded open-air vessel as you tour beautiful South Padre Island.

Bring your class on an entertaining and informative ride. Then, hold on as we drive nose first into the waters of the Laguna Madre. You will feel like you are escaping civilization as our captain crosses the bay waters of Barracuda Cove and drives up onto Boca Chica Beach. There you will discover the untamed beauty with bird watching and a primitive nature walk.

This is the first and only field trip of its kind to this uninhabited area. Your students will experience an unforgettable adventure which includes a shelling excursion. They get to keep what they find!

Following is information and prices for the *Aqua Dog*:

1 - 30 Persons	\$275
30 - 60 Persons	\$275 (additional)

§ Trip lasts just under two hours

§ Groups larger than 30 persons will be split in half

Aqua Dog *The Amphibious Vessel*

Located at the south end of the Sea Ranch Marina.
