

DOLPHIN WATCH information for field trips Aboard the *Xcape and Getaway*

Come and join us on our *“floating classroom”* as you and your students tour the Laguna Madre. You’ll have a chance to view dolphins, sea turtles, pelicans, osprey and many other birds and sea life in their native habitat.

We offer **ECO-TOURS** with every dolphin watch cruise. We trawl with a shrimp net and bring on board aquatic life from the Gulf of Mexico. You and your students will get to experience up close and hands-on the different sea creatures that we put into the observation tank. We also have the only **Glass Bottom Boat** on South Padre Island that gives you the chance to view dolphins and marine creatures right in their own home (weather permitting).

Witness the grace and playfulness of the dolphins from our United States Coast Guard licensed vessels. We have life jackets available for each passenger and we are wheelchair accessible. The **Xcape** is a double-deck catamaran with a passenger capacity of 89 and the **Getaway** is a glass bottom boat that will accommodate up to 100. There are also men and women restrooms aboard both boats.

Following is a list of available packages:

Children & Teacher’s Aid

- Package #1** includes the dolphin watching cruise and ECO-TOUR.....\$7.00
